

RyCon Integrated Pest Management

PREPARATION FOR TREATMENT

It is necessary for you to remove all pets, cover fish tanks and remain out of the unit for approximately 4 – 6 hours following the treatment. If you have any respiratory or other medical issues it is recommended that you stay out of the unit for 24 hours.

In the event of cockroaches, empty, clean and disinfect ALL cupboards. Do not place items back in cupboards. Place on table or in middle of floors and cover all food with towels or sheets.

In the event of stored product pests (ants, beetles), empty the bottom of all kitchen cupboards. Clean and disinfect all lower cupboards. Place all items in center of room or on table and cover with towel or sheet.

Clear all counter tops.

Empty the cupboards below the sink in the bathrooms and clear all bathroom counter tops.

Move drapes and all furniture **2 feet** away from the radiators and all baseboard areas.

Vacuum all baseboard areas.

Remove all belongings from the bottom of all closets.

After Treatment Information

Following the treatment do not wash shelves or baseboard areas for approximately 3 weeks.

Place wax paper or a loose shelf liner on the shelf prior to placing items back into the cupboard areas.
